EXCURSION TO BOSTON.

Via Central Vermont railway, October 11, return limit October 21. \$6.00 from Barre. See flyers or ask ticket agent for particulars.

MAKES GOOD, HEALTHY FLESH

D. F. Davis Offers to Pay for Samose if It Fails.

Begin the use of Samose to-day, and you will soon notice a gain in good, healthy flesh. To all who are thin, weak and run down, this remarkable flesh forming food promises plump, rosy, perfect health, vigor and vitality.

Samose mingles with the food that is eaten, so that it is assimilated by the blood, and builds up plumpness and good healthy flesh. Those who use Samose for a week or ten days will soon notice a gain in weight and an improvement in general strength and health.

Put good, solid flesh on your bones, and you will be strong and well. In no other way can this be done than by the use of Samose. It gives plumpness and physical grace to the thin and scrawny, and will make you bright, rosy and normally fat.

Samose is in tablet form, pleasant to take, and is sold by one of the most reputable drug stores in Barre, D. F. Davis, under his personal guarantee to refund the money if it does not give satisfaction.

Fall Clothing Store Bargains

Just back from New York. Been buying a lot of fall and winter goods for our store. Got some good trades on things people need right now.

200 Main St. With Ideal Book Store.

WILLIAMSTOWN

Miss Ardelle Chapin of Thetford Center is visiting her aunt, Mrs. William N. Roberts.

Marcus Burnham has a son who is editorially connected with the Waupaca (Wis.) Republican and Post. He is 40 years of age.

Marcus Burnham tells us of having visited our old townsman, Mrs. Phyllis Hopkins Young, who lives but a few miles from Chippewa Falls, Wis.

Mrs. Dexter M. Jones has lately been visited by her two sisters, Lucie (Mrs. A. W. Johnson) of North Montpelier, and Emeline (Mrs. G. P. Dean) of Lawrence, Mass.

Mrs. Ella Benedict Griffin started from here on Thursday last on her way back to her home in Whittier, California, where her husband is the efficient superintendent of a 1,000-acre fruit ranch.

Our old townsman, James M. Beckett, who has lived in Montpelier in late years, has been in quite critical health for some months past. We think some organic disease of the brain has been feared.

The Thomas C. Waldo farm on the East side of the town has been bargained to Clarence Rich of Barre. Henry B. Waldo, who has been acyring on this farm for the last year and a half, will remain there for a little time, perhaps.

The following is a corrected list of the officers of our Ladies' Village Improvement society: president, Mrs. Thomas D. Poland; vice-president, Mrs. J. Munroe Seaver; secretary, Miss Myrtle Seaver; treasurer, Miss Mabel Wheatley.

Persons interested desire the notice of a benefit dance and promenade at the Grange hall on Saturday evening of this week, Oct. 9, at the Grange hall. Admission, 25c a couple, ladies 10c. All this is for the benefit of the base ball club.

Theodore Wilfong has bought the Solon Patterson farm and will take possession immediately. This is the old Porter Silms farm that was owned later by his son-in-law, Frank Martin, and afterwards came into Mr. Patterson's possession.

We learn that Mrs. Edward C. Northey, who was Elizabeth, youngest daughter of the late Deacon Enos Burnham, Jr., is living at the age of 82 years in Stillwater, Minn. She has a son, W. E. Northey, who is a teacher of manual training in Great Barrington, Mass.

We learn from Marcus Burnham, son of the late David Burnham and whose mother was an Olds, that there was a reunion of the Olds family not long ago in Union City, Pa. Some 25 miles from Erie, at which some 80 persons were present. Among these were Mr. Burnham himself, and a daughter, of Stanley, Chippewa county, Wisconsin, and our old townsman, Martin Burnham, now of Watseka, Ill. Included in this Olds family are E. P. Olds and Mrs. E. M. Taylor, well known residents of Barre City.

George Martin, a son of the late Denison Martin, and for some years a resident of Washington, D. C., has visited here recently, accompanied by his wife, born Julia Beckett, of our village. Mr. and Mrs. Martin have an only living son, Merrill Martin, in whom they can take an honest pride. For a number of years past he has been employed in the U. S. mint in San Francisco, Cal., after an experience in one or two other mints. We think it was not many years ago that he was said to have had the opportunity to go to China to serve in the government employ in connection with a certain contemplated project there, relative to a mint. He was not long ago called by the government to Philadelphia for matters connected with the U. S. mint in that city. We congratulate our young townsman on his successes.

At the recent annual meeting of the Ladies' Aid society of the Congregational church, Mrs. Edwin M. Whitney was chosen president, Mrs. L. M. Seaver, vice president; Mrs. E. B. Watson, secretary and treasurer; board of managers, Mrs. William Wylie, George Marr, Mrs. Warren Grosvenor, Mrs. Charles C. Staples, and Mrs. Alpheus Hibbard. The society has been doing its usual active and efficient work in the last year in connection with church affairs, and now has some \$230 or more in the treasury. There will be no fair held this season, nor will there be special solicitations of contributions, as last year; but a few suppers and sales will be restored for the work of the society, that has proved a "right arm" to the Congregational church here in the past.

Hay's Hair Health

YOU'LL BE SURPRISED TO SEE HOW YOUR YOUNG LOOK WHEN YOUR HAIR IS RESTORED TO ITS NATURAL COLOR.

There's no excuse for unightly gray or faded hair. It makes you look old when you're not. It's unsightly and embarrassing. Hay's Hair Health will bring back the natural color and beauty, and make your hair bright, luxuriant and full of youthful vitality. Stops dandruff and falling out. Purely vegetable and harmless—not a dye.

21 AND 25c. BOTTLES, AT DRUGGISTS. Hay's Hair Health Soap cures itching, red, rough and cracked hands, and all skin diseases. Keeps skin fine and soft. 25c. druggists. Send for free book, "The Care of the Skin," "The Care of the Hair."

H. J. SMITH

"T. R." in Africa
"G. D." in America

Mr. Roosevelt is scouring Africa—in search of big game.

The Gold Dust Twins are scouring America—in search of dirt and uncleanness.

Gold Dust is the world's greatest cleanser—it cleans everything worth cleaning from cellar to garret—and is the greatest aid the housewife has to home-economy and labor-saving.

The beauty of Gold Dust is that it requires little effort from you—it does most of the work without your assistance; you simply direct it.

Why not let the Gold Dust Twins show you the short way to easy housework?

NORTHFIELD

Second Meeting of The Central Vermont Congregational Club.

Northfield, Oct. 8.—The second meeting of the Central Vermont Congregational club, was held in the parlors of the Congregational church Wednesday night. There were over one hundred present including many from out of town. A delightful banquet was served at 7 o'clock by the ladies of the local society. The following toasts were responded to by members of the club, under the direction of the Rev. Donald Fraser of Berlin, as toastmaster. "Our Congregational club, and how best to wield it," "Latest news from the North," "The Antipodes," "Our Churches Age, Health and Habits." The Rev. John H. Morley D. D. of Springfield, Vt., delivered a very able address on "The Meaning of Education." The officers elected for the year are: President, Rev. Francis Foster, formerly of Barre; last vice-president, H. J. M. Jones, Montpelier; 2nd vice-president, Rev. F. B. Kellogg, Waterbury; secretary, Rev. Perrin B. Fisk, Plainfield; treasurer, Prof. C. V. Woodbury, Northfield; auditor, H. S. Colton, Montpelier; executive committee, W. S. Smith, Montpelier, Capt. John Moseley, Northfield, E. B. Watson, Williamstown.

Dr. W. H. Huntley, who has been visiting his mother for the past week returned to Boston yesterday.

Mrs. E. S. Dyke and daughter, Ruth, have returned from Barton, where they have been visiting the former's mother for several weeks.

Reverend J. H. Plunkett sold at auction last night the last of the bankrupt stock of B. E. Beckley & Co., dealers in hardware.

Misses Lina Brooks and Maud Bonfield have returned from Boston, where they have been the past month studying the fall styles in millinery.

M. D. Stone, who expects to leave here with his family for Ardmore, Oklahoma next week, was the guest of honor at a farewell banquet given at the Northfield house Wednesday night by the members of the Commonwealth club.

The large plate glass windows to be placed in the store of A. M. Bean and son have arrived and will be put in place today. The store is receiving a general over-hauling and will be one of the many up-to-date stores on the square when finished.

This evening Miss Elizabeth Whitmarsh will present "The Old and Young Folks concert" under the auspices of the ladies of St. Mary's church. The young people of the society will take part. One of the special attractions will be the male quartette of boys whom Miss Whitmarsh is bringing here for the occasion.

Panama's New Passenger Cars.

Washington, D. C., October 8.—Especially gorgeous will be the new passenger cars on the Panama railroad when the new equipment that has been decided upon gets upon the road. They will be painted a canary yellow with the lettering boards a light olive green, and the name "Panama Railroad" and the numbers of the coaches in gold leaf. There is a reason for it. It has been discovered by actual experiment and test that yellow has a superior lasting quality over other colors under the local climatic conditions, which are unusually hard on exterior paints. Three coaches were taken and painted different colors. One was painted green, another yellow and the third red. After six months' wear the red showed up, worst and the yellow best. As a result, not only the passenger cars but the refrigerator and other box cars will be repainted, and a train of these crossing the isthmus will present the first yellow streak that has been seen down there since the muck rakers quit raking.

Steps are being taken at the hydrographic office in the navy department to revise and bring down to date the chart of the polar regions—probably the only one of its kind issued by a government office. The revised chart will indicate the routes of both Cook and Peary as soon as the observations are received. The observations of the expedition, which are being sent to the hydrographic bureau to plot the courses, as they have all the scientific equipment necessary to determine their accuracy.

The map, which has been in existence for many years, indicates the routes of all polar explorations as far back as the latter part of the eighteenth century and the lands discovered. No revision has been made, however, since Nansen's expedition, and the present time is considered appropriate for bringing it down to date. It is one of the most elaborate examples of charting undertaken by the hydrographic office.

EFFECT OF FREE HIDES

On Retail Shoe Prices Told by Shoe Retailer.

The retail shoe trade all over the country is naturally wondering what effect, if any, the removal of the duty on hides will have upon price of spring samples, soon to be put on the road from all manufacturing centers.

The situation, as viewed by prominent shoe manufacturers of this section recently canvassed by the New England Shoe and Leather association, appears to be about as follows:

Although it will take several months to get actual results in leather made from free hides, a real result will undoubtedly be in evidence at once. No retailer who follows the course of the leather market will, however, expect to see this result in lower prices at present.

During the last five months there has been the most tremendous advance in price for both heavy hides and calfskins that has ever taken place. Native steer hides, which ordinarily average in price between eleven cents and twelve cents per pound, have sold at seventeen cents; and green calfskins, for which a fair average price would be twelve and one half cents or thirteen cents, have been sold for twenty cents. These are the highest prices for both commodities ever recorded.

The reasons for this advance were largely natural. The percentage of increase in the consumption of leather has been greater than in the production of hides and skins. On heavy cattle hides, it is doubtless true that the tariff has enabled the packers to manipulate the market and force up prices unduly. We may, therefore, hope to see any further advance prevented by the removal of the tax.

On calfskins there has been no duty, and the extreme advance has been due to the fact that for several seasons the demand, both for summer and winter goods, has been largely for calfskins.

The foreign markets are bare, and we are several million skins short of actual requirements at home. Under these conditions, talk about low prices of shoes of any kind seems unwarranted.

Not one pair of shoes has yet been made from the leather produced from hides or skins purchased at the figures above quoted. Manufacturers are now using sole and upper leather made from hides which cost fourteen cents or less, and calf leather from skins that cost sixteen cents. Prices of shoes made from leather produced from hides of cattle and calfskins must advance, or the tanners who have paid these present prices for hides and skins must take a heavy loss. This they do not intend to do, and are to-day compelled to ask such prices for leather as would naturally advance the price of shoes to the consumer fifty cents per pair.

Any less advance than this will be solely in consequence of the check in the steady advance in price of heavy hides, brought about by the removal of the 15 per cent duty.

The street dealers can hope or expect that free hides will hold prices of sole leather and heavy dressed leather down somewhere near the present level, and that the full advance in calfskins must be paid.

INDIGESTION GOES IN FIVE MINUTES

All Distress From Heartburn, Gas, Dyspepsia and Other Stomach Misery Vanishes After Taking a Little Diapepsin.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full dose of Pape's Diapepsin costs only 50 cents and will thoroughly cure your out-of-order stomach, and leave you sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these 50 cent cans, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour out-of-order stomachs or indigestion in five minutes. Diapepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery.

Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.

The Place to Buy Pure Drugs

Is at a Drug Store

Buy teas of your grocer, silks of your dry goods man, watches of your jeweler, but for Pure Drugs, Chemicals, Toilet Articles and Family Medicines come to us. We keep a drug store.
